

**Compact chassis with 2 drive bays,
Low-Noise fan, 300W ATX power supply
for micro-ATX motherboard designed
for Digital Video Recording management.**

300W Micro ATX Power Supply

Modular bracket for one external
5.25" and one internal 3.5" drive

LED indicators

(2) USB Ports

8cm Low Noise Fan

Lockable front door for
maximum access security

Introduction

WMC-402M "Hawkeye" is wallmount/desktop industrial grade chassis specifically designed for PC based Digital Video Recording system for security, monitoring, transaction, access control and other safety applications. Within its heavy-duty steel construction it supports standard micro-ATX size, one external 5.25" drive bay for CD-ROM/DVD-ROM and one internal 3.5" drive bay for HDD, sufficient for small video system management. One super Low-Noise 8 cm fan ensures excellent airflow for superior system cooling while maintaining the silence and tranquility of the room. The system is powered by micro-ATX 300W power supply which is sufficient to support the system full loaded. WMC-402M is definitely the perfect choice for surveillance system in residential and commercial area.

Features

- Heavy duty steel construction shoebox industrial chassis can be mounted vertically or horizontally.
- One 5.25" CD-ROM drive-bay and one 3.5" drive bay for HDD.
- 8cm low-noise ball bearing fan with air ventilation for excellent airflow.
- 300W Micro ATX power supply.
- Modular design for easy installation and maintenance.

WMC-402M "HAWKEYE"

Technical Drawing

Construction

Heavy duty steel

Color

Black

Board Support

PIII/PIV Micro ATX motherboard.

Drive Bays

One 5.25" CD-ROM + one 3.5" internal drive for HDD.

Expansion

Supports up to 4-slots maximum, depends on the motherboard.

Power Supply

300W Micro ATX power supply for P4 (PFC optional).

Cooling

One 8cm low-noise ball bearing fan.

Connectors

Two USB Connectors

Switches

On/Off Switch.

Indicators

On/off LED, HDD LED and one recording in progress LED.

Dimensions

340(W) x 140(H) x 340(D) mm (13.5" x 5.6" x 13.5")

Operating Temperatures

0~55 °C

Gross Weight

9.5 kgs
